To whom it may concern,

This is to certify that Globalis PR90 PLUS printers' family are manufactured by Shenzhen Pu Ying Innovation Technology Corporation Limited for Globalis International Inc. under an OEM agreement of these two companies.

The PR90 PLUS printers are based on Olicom PR9 models, however, the firmware of the printers was customized jointly between Globalis and Olicom to add the Arabic language support required in Arabic countries.

Shenzhen Pu Ying Innovation Technology Corp., Ltd is also the manufacturer of original ribbons PR90 PLUS for the account of Globalis International. These ribbons were designed for optimum performance on the PR90 PLUS printers, and are made of high quality materials that preserve the components of the printers.

Globalis International is the owner of the brand Globalis PR90 PLUS.

Yours sincerely,

Billy Zheng
